

Article 4: City Employees' Retirement System

Division 4: Service Retirement

(“*Creditable Service*” incorp. 1–22–1952 by O–5046 N.S.,
contained in O–10792 O.S. adopted 11–29–1926.)

(Repealed 10–25–1962 by O–8744 N.S.)

(“*Retirement for Service of Members and Safety
Members*” added 10–25–1962 by O–8744 N.S.)

(Retitled to “*Retirement for Service of Members*” on 11–10–1998 by O–18600 N.S.)

(Retitled to “*Service Retirement*” on 6–10–2014 by O–20376 N.S.; effective 7–10–2014.)

§24.0401 Management of System and Normal Retirement for Service

The management and control of the *System* is vested in the *Board*, which is authorized to adopt the rules and regulations it deems appropriate to administer the *System*. The *Board* is vested with the power and authority to provide a normal retirement allowance for *Members* as provided in this Division and in section 24.1706.

(“*Management of System and Normal Retirement for Service — General Members and Safety Members*” added 12–8–1976 by O–11964 N.S.)

(Retitled to “*Management of System and Normal Retirement for Service*,” and
amended 6–10–2014 by O–20376 N.S.; effective 7–10–2014.)

§24.0402 General Member Retirement Allowance for Employees Hired Before July 1, 2009

(a) The *System* will pay a *General Member* hired before July 1, 2009, who is entitled to a service retirement, a retirement allowance consisting of:

- (1) a *Service Retirement Annuity*, and
- (2) a *Creditable Service Pension*.

(b) The *Unmodified Service Retirement Allowance* is calculated by multiplying the *Member’s* years of *Service Credit* by the retirement factor for his or her age at retirement, as shown in the table for section 24.0402. The resulting number is then multiplied by the *Member’s Final Compensation*. The *System* prorates the factors from the table for section 24.0402, to reflect quarterly increments in the *Member’s* retirement age.

(c) Effective July 1, 2002, a *General Member* who joined the *System* before July 1, 2002 may choose, at retirement, to have his or her *Unmodified Service Retirement Allowance* calculated using:

- (1) the unmodified factors in effect on July 1, 2000 (“Corbett Factors”), as shown in the table for section 24.0402, with no increase to the *Member’s Final Compensation*,
 - (2) the unmodified factors in effect on June 30, 2000 (“Old Factors”), as shown in the table for section 24.0402, with a 10% increase to the *Member’s Final Compensation*, or
 - (3) the unmodified factors in effect on July 1, 2002 (“New Factors”), as shown in the table for section 24.0402, with no increase to the *Member’s Final Compensation*.
- (d) The *System* will calculate the *Unmodified Service Retirement Allowances* of all *General Members* who joined the *System* on or after July 1, 2002 using the New Factors, with no increase to the *Member’s Final Compensation*.
- (e) A General Member’s Unmodified Service Retirement Allowance may not exceed 90% of his or her Final Compensation if the Member chooses, or is required because of the date the Member joined the System, to have his or her Unmodified Service Retirement Allowance calculated using the New Factors, except:
- (1) Any Member whose Unmodified Service Retirement Allowance is 90% or more of his or her Final Compensation on or before December 31, 2002, using the New Factors, including any purchase of Creditable Service under this subsection, may continue to accrue or purchase Creditable Service above the 90% limit through December 31, 2002. Any purchase of Creditable Service under this subsection must be applied for by December 31, 2002 and completed before July 1, 2003. On January 1, 2003, the Member’s retirement factor and Creditable Service will be frozen, including any Creditable Service the Member purchases under this subsection before July 1, 2003. The Member’s Final Compensation will not be frozen.

The Member must make an election on or before January 1, 2003, or the date the member completed his or her purchase of Creditable Service under this subsection, as follows:

- (A) If the Member is eligible to retire, he or she may:
- (i) continue working and contributing to the Retirement System,
 - (ii) enter DROP, or

- (iii) retire.
- (B) If the Member is not eligible to retire, he or she may:
- (i) continue working and contributing to the Retirement System, or
 - (ii) enter the Cap Program. If the Member enters the Cap Program, the Member will stop contributing to the Retirement System, and will instead contribute 3.05% of his or her Base Compensation, biweekly at the end of each pay period, to a Cap Program account established for the Member. The City will match these contributions. Interest will be credited to the Member's Cap Program account as determined by the Board. The Member may continue participating in the Cap Program until he or she first becomes eligible to retire, at which time the Member must either enter DROP or retire.
 - (iii) A Cap Program participant who becomes disabled while participating in the Cap Program is eligible to apply for disability retirement benefits. If the Cap Program participant's application for disability retirement is ultimately approved by the Board, his or her disability retirement benefit will be calculated using the participant's age, Creditable Service and Final Compensation as of the day he or she began participating in the Cap Program.
- (2) A Member may exceed the 90% limit using the New Factors, and may continue accruing retirement benefits until he or she is eligible to retire for service, if the Member:
- (A) applied to purchase Creditable Service on or before June 5, 2002, and thereafter completed the purchase,
 - (B) was under 24 years of age when hired by the City, and
 - (C) will exceed the 90% limit because of the Creditable Service he or she applied to purchase on or before June 5, 2002. The Member may not exceed the 90% limit using Creditable Service that he or she applied to purchase after June 5, 2002.

- (3) When a Member who meets the requirements of section 24.0402 (g)(2) first becomes eligible to retire from service, his or her retirement factor and years of Creditable Service will be capped at that time, even if the Member continues to work and contribute to the Retirement System. The Member's Final Compensation will not be capped.
- (f) If the *Member* chooses to have his or her *Unmodified Service Retirement Allowance* calculated using either the Old Factors or the Corbett Factors, the *Member's Unmodified Service Retirement Allowance* will not be capped. Also, the *System* will refund to the *Member*, upon retirement, any excess contributions the *Member* made to fund the New Factors plus interest as determined by the *Board*.
- (g) The *System* uses the factors in the table for section 24.0402 to calculate the *Unmodified Service Retirement Allowance*. The *Unmodified Service Retirement Allowance* is reduced if the *Member* selects any of the optional settlements described in Division 6.

Table 1 of Section 24.0402

GENERAL MEMBER RETIREMENT CALCULATION FACTORS

Retirement Age	Unmodified Factors Effective 6/30/00 (Old Factors)	Unmodified Factors Effective 7/1/00 (Corbett Factors)	Unmodified Factors Effective 7/1/02 (New Factors)

(Retitled from “General Member Retirement Allowance” to “General Member Retirement Allowance For Employees Hired Before July 1, 2009, and amended 6-25-2009 by O-19874 N.S; effective 7-25-2009.)

(Retitled to “General Member Retirement Allowance for Employees Hired Before July 1, 2009,” and amended 6-10-2014 by O-20376 N.S.; effective 7-10-2014.)

§24.0402.0001 General Member Retirement Allowance for Employees Hired On or After July 1, 2009

- (a) The *System* will pay a *General Member* hired on or after July 1, 2009, who is entitled to a service retirement, a retirement allowance consisting of the following benefits as defined by this Article:
 - (1) a *Service Retirement Annuity*, and
 - (2) a *Creditable Service Pension*.
- (b) The *Unmodified Service Retirement Allowance* is calculated by multiplying the *Member’s* years of *Service Credit* by the retirement factor for his or her age at retirement, as shown in the *General Member Retirement Calculation Factors* table. The resulting number is then multiplied by the *Member’s Final Compensation*. The *System* prorates the factors from the *General Member Retirement Calculation Factors* table, to reflect quarterly increments in the *Member’s* retirement age.
- (c) The *Unmodified Service Retirement Allowance* for a *General Member* hired on or after July 1, 2009, may not exceed 80% of his or her *Final Compensation*.

(“General Member Retirement Allowance For Employees Hired On or After July 1, 2009,” added 6-25-2009 by O-19874 N.S; effective 7-25-2009.)

(Renumbered Section 42.0402.1 to 42.0402.0001, and amended 5-31-2011 by O-20056 N.S.; effective 6-30-2011.)

(Retitled to “General Member Retirement Allowance for Employees Hired On or After July 1, 2009,” and amended 6-10-2014 by O-20376 N.S.; effective 7-10-2014.)

§24.0403 Safety Member Retirement Allowances

- (a) Upon retirement from service, a *Safety Member* is entitled to receive an *Unmodified Service Retirement Allowance*, which consists of:
 - (1) A *Service Retirement Annuity*, and
 - (2) A *Creditable Service Pension*.
- (b) Subject only to the retirement allowance cap described in subsection (c) of this section, the *Unmodified Service Retirement Allowance* is calculated by multiplying a *Safety Member*’s years of *Creditable Service* by the Retirement Calculation Factor set forth in the Unmodified Retirement Calculation Factors for Lifeguard, Fire and Police table by the *Safety Member*’s *Final Compensation*. The factors set forth in the Unmodified Retirement Calculation Factors for Lifeguard, Fire and Police table are prorated to reflect quarterly increments in the *Safety Member*’s age at retirement.

- (c) The *Unmodified Service Retirement Allowance* for a *Safety Member* may not exceed 90% of the *Safety Member's Final Compensation*, except as provided in subsections (d) and (e) of this section.
- (d) If the *Unmodified Service Retirement Allowance* of a *Safety Member* exceeds 90% of the *Safety Member's Final Compensation* using the Retirement Calculation Factors in effect and applicable to his or her membership category (Police, Fire or Lifeguard) on December 31, 1996, that *Safety Member* may elect to continue to accrue benefits under the Retirement Calculation Factors in effect and applicable to his or her membership category on December 31, 1996, and not be subject to the 90% retirement allowance cap. A *Safety Member* who makes this election is not required to pay any additional contributions as recommended by the *Actuary* and adopted by the *Board*, related to the increase in benefits effective January 1, 1997.
- (e) If, on a date after January 1, 1997 but before April 1, 1997, the *Unmodified Service Retirement Allowance* of a *Safety Member* exceeds 90% of the *Safety Member's Final Compensation* using the Retirement Calculation Factors in effect and applicable to his or her membership category on January 1, 1997, that *Safety Member* may elect to accrue benefits in excess of the 90% retirement allowance cap, but his or her accrual of benefits will stop at the level he or she has attained on March 31, 1997.
- (f) Except as otherwise provided in sections 24.0403.0001 through 24.0403.0004, effective July 1, 2000, a *Safety Member* may choose at the time of his or her retirement either: (1) the Retirement Calculation Factor in effect and applicable to his or her membership category on July 1, 2000, with no change in the *Safety Member's Final Compensation*, or (2) a 10% increase in the *Safety Member's Final Compensation*, with the *Safety Member's Unmodified Service Retirement Allowance* calculated using the Retirement Calculation Factors in effect and applicable to his or her membership category in effect on June 30, 2000.

§ 24.0403.0001 Retirement Allowance for Police Officer Safety Members Hired After June 30, 2009

Notwithstanding section 24.0403, a *Safety Member* employed in the *City's* Police Department who was hired by the *City* after June 30, 2009, is not entitled to a Retirement Calculation Factor of 3% until the *Safety Member* reaches age 55 with at least 10 years of *Service Credit*. Such a *Safety Member* may, however, retire at age 50 with 20 years of *Service Credit*, with a proportionately reduced *Unmodified Service Retirement Allowance*, as set forth in the table in this section.

(Renumbered from former Section 24.0405.0004, retitled to “*Retirement Allowance for Lifeguard Safety Members Hired After June 30, 2011*,” and amended 6-10-2014 by O-20376 N.S.; effective 7-10-2014.)

§24.0403.0004 Retirement Allowance for Police Officer Safety Members Hired After June 30, 2013

Notwithstanding sections 24.0403 and 24.0403.0001, a *Safety Member* employed in the City’s Police Department who was hired by the City after June 30, 2013 is not entitled to a Retirement Calculation Factor of 3% until the *Safety Member* reaches age 55 with at least ten years of *Service Credit*. Such a *Safety Member* may, however, retire at age 50 with 20 years of *Service Credit*, with a proportionately reduced *Unmodified Service Retirement Allowance*, as set forth in the table in this section. In addition, the maximum retirement benefit payable at age 55 to a police officer *Safety Member* hired after June 30, 2013 is 80% of the *Member’s Final Compensation*. If the *Member* retires before age 55, this maximum amount is reduced by 3% per year for each year under age 55.

UNMODIFIED RETIREMENT CALCULATION FACTORS* POLICE OFFICER SAFETY MEMBERS HIRED AFTER JUNE 30, 2013

52	2.7%	71%
53	2.8%	74%
54	2.9%	77%
55	3.0%	80%

*Unmodified Factors are used to calculate the maximum service retirement allowance. The *Unmodified Service Retirement Allowance* is actuarially reduced if *Member* elects any optional retirement settlements pursuant to Division 6 of this Chapter.

(“*Retirement Allowance for Police Officer Safety Members Hired After June 30, 2013*” added 6-10-2014 by O-20376 N.S.; effective 7-10-2014.)

§24.0403.0005 Retirement Allowance for Police Officer Safety Members Initially Hired After June 30, 2013 but before September 9, 2024, and Employed in the City's Police Department on September 9, 2024

Notwithstanding sections 24.0403 and 24.0403.0004, a *Safety Member* employed in the *City's Police Department* on September 9, 2024, who was initially hired by the *City* after June 30, 2013 but before September 9, 2024, was actively employed by the *City* on September 9, 2024, and participated in the *System* under section 24.0403.0004, shall receive the same level of benefits provided to *Safety Members* under section 24.0403.0001 retroactively from their date of initial hire with the *Police Department*. Any missing *Accumulated Normal Contributions* due to this provision shall be paid by the *City* and deposited into the corresponding Member's account. Any missing employer contributions or unfunded liability due to this provision shall be paid by the *City* and deposited into the *SDCERS Trust Fund*.

(“*Retirement Allowance for Police Officer Safety Members Initially Hired After June 30, 2013 but before September 9, 2024, and Employed in the City's Police Department on September 9, 2024*” added 9-16-2024 by O-21864 N.S.; effective 10-16-2024.)

§24.0403.0006 Retirement Allowance for Police Officer Safety Members Hired On or After September 9, 2024

Notwithstanding sections 24.0403 and 24.0403.0004, a *Safety Member* employed in the *City's Police Department*, who was initially hired by the *City* on or after September 9, 2024, shall receive the same level of benefits provided to *Safety Members* under section 24.0403.0001. Any *Safety Member* in the *City's Police Department* who was initially hired by the *City* after June 30, 2013 but before September 9, 2024, participated in the *System* under section 24.0403.0004, was not employed by the *City's Police Department* on September 9, 2024 and was re-hired by the *City* after September 9, 2024, shall receive the same level of benefits provided to *Safety Members* under section 24.0403.0001 prospectively from their date of re-hire.

(“*Retirement Allowance for Police Officer Safety Members Hired On or After September 9, 2024*” added 9-16-2024 by O-21864 N.S.; effective 10-16-2024.)

§24.0405 Special Class Safety Members — Provisions Covering

- (a) A special class safety member who at the effective date of this amendment is receiving a monthly salary of at least \$400.00 shall after completing the required number of years of service for special class safety members, as provided in the Charter, receive a minimum retirement allowance of at least \$200.00 per month.
- (b) Special class safety members employed in the Police Department who entered the service of the Police Department on or prior to the 8th day of May 1941, and who have served for 20 years or more in the aggregate as members or employees in any rank or capacity in said Police Department, regardless of age, shall have the right to retire with a normal retirement allowance, and special class safety members in the Police Department who entered the service of the department subsequent to the 8th day of May 1941, who have completed 25 years of service in the aggregate, shall also have the right to retire with a normal retirement allowance.
- (c) Special class safety members employed in the Fire Department who entered the service of the Fire Department on or prior to January 1, 1936, and who have served for 20 years or more in the aggregate as members or employees in any rank or capacity in said Fire Department, regardless of age, shall have the right to retire with a normal retirement allowance, and special class safety members in the Fire Department who entered the service of the department subsequent to the 1st day of January 1936, who have completed 25 years of service in the aggregate, shall also have the right to retire with a normal retirement allowance.
- (d) Each special class safety member of either the Fire or Police Department who is entitled to retire after 20 years of aggregate service with the City shall receive a pension credit of 2 1/2 percent of his final compensation for each year completed at the effective date of this amendment, but in no case shall such credit exceed 50 percent of such final compensation. For each year completed after the effective date of this amendment the member shall be credited with 1/50th of his final compensation. The 1/50th pension credits specified above will not be allowable until after such member shall have reached the age of 50 years. No member of either department who is entitled to retire after 20 years as above and who has had 20 years of service in the aggregate shall receive less than the following: \$200.00 per month as retirement allowance, together with such additional amount per month as will represent the actuarial equivalent of that portion of the contributions of such member contributed after his 20th year of service but before his attainment of age 50.

- (e) Special class safety members of the Fire and Police Departments who are not eligible for retirement until the completion of 25 years of service in the aggregate shall receive a pension credit of 2 percent of their final compensation for each year completed at the effective date of this amendment, provided that such credit shall not exceed 50 percent of such final compensation, and in addition thereto shall be entitled to credits of 1/50th of their final compensation for each year completed after the effective date of this amendment. The 1/50th pension credits specified in this paragraph will not be allowable until after such member shall have reached the age of 50 years and has completed 20 years of aggregate service in the department.
- (f) The surviving widows of special class safety members who were retired on a disability under the provisions of Section 164 of the Charter 1931, as amended, shall be granted the same benefits provided widows of special class safety members, retired under the provisions of Section 185 of the Charter of 1931, as amended. This section shall become applicable on the first day of November, 1973.

Except as to those members who are forced to retire because of disability or who die, "Final Compensation" within the meaning of paragraphs (4) and (5) hereof shall be the highest average compensation received during any three consecutive years of service, limited, however, to the following monthly maximums for members who retire: During the first year after this amendment is adopted, \$400.00; during the second year, \$500.00; during the third year, \$600.00; during the fourth year, \$700.00; during the fifth year, \$800.00; and after the end of the fifth year there shall be no ceiling considered in determining the amount of the final compensation.

As to those members who are compelled to retire because of disability or who die after this amendment becomes effective, "Final Compensation" shall be defined as above, but with the following monthly maximums: For death or disability occurring during the first year, \$500.00; during the second year, \$600.00; during the third year, \$700.00; during the fourth year, \$800.00; the fifth year, \$900.00; and after the end of the fifth year, no ceiling shall be considered in determining the amount of the final compensation.

§24.0405.0001 Special Class Safety — Opportunity to Transfer to Safety

Special class safety officers employed in the San Diego Police Department or San Diego Fire Department at the effective date of this ordinance who are not entitled to all of the benefits and privileges of safety members in the City Employees' Retirement System shall be so entitled provided they file an election in writing with the Retirement Board giving up all other retirement rights in favor of those safety member benefits, and provided further that they either 1) deposit in the Retirement Fund before their retirement an amount which, when added to their retirement contributions, is sufficient to make their accumulated retirement contributions equal 8% of their earnable compensation from the beginning of their employment to the earliest possible date of their retirement; or 2) that they continue their employment with the City beyond the earliest possible date of retirement long enough so that the amount of pension that would have been received had they retired as a special class safety member at the earliest possible date equals the amount required in 1) above.
